A Chance for Business in the House.
According to usage a member of the Tracewell's farm, in Wood country, House may be in his seat, the Speater stipped out together last week, went to may see him and everybody else in the House may be in his seat, the Speaker transitia and were married there. Both may see him and everybody else in the House may know he is present; yet are well known young people, but the House may know he is present; and if there be enough of the same sent, and if there be enough of the same probably wait a while before doing so.

This is part of the tactics which the Democrats have resolved to employ to prevent legislation which they do not desire.

There is a belief in Washington that on the first occasion the Speaker will treat the House to a new departure by the control of the contro ordering the Clerk to record as present those whom he sees in their en . The record will be truthful and the Speaker a policy will be endorsed by those citizens who favor the safe of the majority and the actions dispatch of business.
